

Imprintable

You live an imprintable life.
The connections you make,
carve and etch a life of impact.

Bring your light,
in your own unique way.

This is your indelible mark,
your impressionable imprint.

It is *meant* for you
to *be something*
for someone
in some way.

So, I wonder ...
What is the light you bring
to *your* imprintable moments?

A.M. Machesky
